

Iron County Register

IRONTON, : : NOVEMBER 23, 1899.

E. D. AKE, EDITOR.

VOLUME XXXIII. NUMBER 22.

THE *Globe-Democrat*, while denouncing ballot stealing in Kentucky lets the Philadelphia vote stuffing severely alone. It hasn't time to attend to both cases, we presume.

VICE-PRESIDENT Hobart died at his home in New Jersey Tuesday morning. President *pro tem* of the Senate Frye of Maine, will discharge the duties of the Vice-President until another one is elected by the people in 1900.

SAM. B. COOK has announced positively that he will resign as Chairman of the State Democratic Central Committee, in order to make the race for Secretary of State. Mr. Cook has the proper idea of the fitness of things.

FREE COINAGE OF SILVER at 16 to 1, and WM. JENNINGS BRYAN! These are the two essentials to Democratic victory next year. Other questions may come and go, but the financial section of the Chicago platform is for all time.

THE St. Louis *Times* properly says: "Delegate Lopez ought to be given effective encouragement for his proposition that the city should do its own public lighting. It is a much more economical and sensible plan than the present one."

SOME of Mr. Byars' auditors are so delighted with his address at Aschenbroedel Hall Tuesday that they declare their belief that he is "the coming man." It is the opinion of the *Times* that Mr. Byars has already come.—*St. Louis Times*.

TO THE Honorable Commissioners who last Saturday located Inesane Asylum No. 4 at or near Farmington on a tract of ordinary land, at a cost to the State of \$9,400 more than was asked for the site Arcadia Valley offered you: Please give the public your reasons for your action.

TO GOV. LON V. STEPHENS: The REGISTER is prepared to convince any body of unprejudiced men that Arcadia Valley was entitled by every rule of fairness and justice to the insane asylum. Had the commission followed the spirit and letter of the law they would have had to locate it here. Under the circumstances is the Governor going to approve the Commissioners' finding?

The new-born anti-trust issue cannot and will not supplant the financial question. To abandon the latter for, or to allow it to become subordinate to, the former, would be suicidal. There are lots of anti-trust shouters who hope to shelve the free coinage of silver, and the trusts themselves, knowing that there is no danger to themselves so long as the corner-stone of all trusts rests secure, are not averse to having the people amused and entertained by plucking the leaves when they should be tearing up the roots.

THE Kansas military heroes, pausing in their common assault upon the Filipinos, are diligently and viciously killing off each other. The heroic Funston, lately returned to yell "cooperhead" and "traitor" at those miserable anti-imperialists, is getting it in the neck from his comrades, and Major W. S. McCall—Funston's protege and favorite—is under serious charges. An officer of the 36th U. S. Volunteers and a corporal of Company K, 20th Kansas, make affidavits that are interesting. The latter swears, "that at the battle of Caloccan he was orderly for Major W. S. McCall, twentieth Kansas infantry, United States volunteers. That at a point where the insurgent trenches cross the traveled road near and to the right of the tramway he saw a prisoner brought out of the trenches and to Major McCall. The deponent further says that Major W. S. McCall, twentieth Kansas infantry, United States volunteers, shot the prisoner with his revolver and at the time of shooting the prisoner was unarmed and on his knees." The officer, under oath also, corroborates the corporal's statement. Lieut. Callahan, First Lieutenant Co. G., 20th Kansas, who was severely wounded in the engagement before Malochan, and promoted for gallant conduct, says of his heroic superior:

"Captain Hardy, Drysdale and Wiley swam the Marlinos and Funston took the credit. Lieutenant Ball and seventeen men of company E were the first Kansans into Malolos, and Funston, 300 yards behind, took the credit. White and Trembley swam the Rio Grande de Pampanga, and Funston, who crossed on a raft in no more danger than on Kansas avenue, tried to claim one half the honor, and now from behind his rice dyke he vilifies and slanders me—a fitting sequel to the brilliant career of his personally conducted newspaper bureau, which reaches from Alaska to San Fernando."

Thus the quarrel rages, and the humble citizen is at sixes and sevens. No sooner is his idol set up than it is plastered with mud and smashed into smithereens. If this sort of thing continues he may eventually be forced into the heresy that military no less than civil life has its shortcomings—

its tinsel and false pretense, not to say downright mendacity. When the gods get to killing each other the universe runs to chaos.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches.

You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Sample bottles at Geo. C. Jacobs', druggist.

Teachers' Association.

The Southeast Teachers' Association will be held at Sikeston, Missouri, November 30, and December 1 and 2, 1899.

The special reduction of one and one-third fare for the round trip has been granted to teachers going over the Iron Mountain railroad. Like reductions over other roads. Citizens of Sikeston guarantee homes for the ladies in attendance. Good hotel accommodations at reduced rates for the men.

An interesting program has been arranged. I hope, teachers, you will appreciate the importance of attending teachers' meetings and reading professional literature. I know as well as anyone that the remuneration received by the average teacher does not justify his going to much expense, but I do not believe any one should accept so responsible a position without being willing to sacrifice some-what of his time and money in the interest of those dependent upon him for mental development. In this connection, I wish to emphasize the importance of taking up the work of the reading circle course. Hon. W. T. Carrington says: "I know of no better way of improving the teachers of the State than by urging upon them the necessity of reading along the lines of the profession, and there is no better way to accomplish this than by taking up the work of the reading circle course."

The books adopted for the present year are: "The Beginnings of a Nation," "The Study of The Child"—one historical, and the other pedagogical. The State Superintendent authorizes me to say that the examination in pedagogy and history of education will be based upon the books of the reading circle course; and, at his suggestion the questions in the next teachers' institute will conform as far as practicable to the work of the above course.

If you have not secured the books for the reading circle course, you can get them by writing to me or, directly, from D. Appleton, Chicago.

Coughed 25 Years.

I suffered for 25 years with a cough, and spent hundreds of dollars with doctors and for medicine to no avail until I used Dr. Bell's Pine-Tar-Honey. This remedy makes weak lungs strong. It has saved my life.—J. B. Rosell, Grantsburg, Ill.

Surprise Party.

Mr. Editor—Please allow me to thank the good people of Arcadia Valley for their kindness in donating to the colored pastor and family. Mrs. Susan Booker, a very kind hearted lady, learned that the pastor and family were greatly in need for something to eat. was quite successful in her undertaking.

Lung Irritation

is the forerunner to consumption. Dr. Bell's Pine-Tar-Honey will cure it, and give such strength to the lungs that a cough or cold will not settle there. Twenty-five cents at all good druggists.

Obituary.

Joseph Willard, infant son of Mr. and Mrs. J. L. Stokely, was born December 15, 1898, and for ten short months and twenty-two days was given to brighten their home. But alas! just as we were entertaining the fond hopes for our precious little Willard, the destroyer came, and while Mrs. Stokely was visiting her parents, he was seized with membranous croup, and on the morning of November 6th, at half past ten o'clock the precious spirit of our darling was carried from this dark earth to the cloudless kingdom beyond the skies.

This is the third child of this family—all dying in infancy. May the Lord help the parents to understand that in all their afflictions is the hand of God pointing them to the "Lamb of God that taketh away the sin of the world," and entreating them to set their affections on things above; that their hearts may be where their treasures are, and may they be constrained to say: "The Lord giveth and He taketh away. Blessed be the name of the Lord."

"Tender Shepherd, thou hast stilled now Thy little lamb's brief weeping. Oh! how peaceful, pale and mild, In its narrow bed 'tis sleeping. And no pain nor anguish sore Heaves that little bosom more. In this world of toil and care, Lord, To thy meadows bright and fair, Lovingly, thou dost receive it, Clothed in robes of spotless white, Now it dwells with Thee in light."

Obituary.

Died, November 17, 1899, near Middlebrook, Mo., Berlin, infant son of J. B. and V. M. Goggin. Little Berlin was 7 months and 20 days old. He suffered three long weeks, and all was done that loving hands could for him, but God thought best to take his sweet spirit to its long home. May God help the bereaved ones to say, thy will be done.

Berlin's little hands are folded And his lips are silent now; Very still his form is lying, And so cold his fair young brow! Berlin needs no earthly garments, No more needs his mother's care; Put away the childish playthings, Put away the empty chair! Berlin is gone. Oh, how we miss him! Yet we know he is at rest, And we know that Christ our Savior Doeth all things for the best.

Oh, our Father help our mourning In our lonely stricken home; May we know the love that brightens—Shall we say, "Thy will be done."

You Are a Democrat

and, of course, want a democratic newspaper. THE CHICAGO DISPATCH is the Great Democratic Weekly Newspaper of the Country. It advocates the re-adoption of the Chicago platform and the renomination of William Jennings Bryan.

There has never been a political campaign that will equal in importance that of the one to be fought next year. The republican party, backed by the money power of this country and Europe, is alert and aggressive. Flushed with the victory of three years ago it will seek by every means in its power to maintain its supremacy.

Democrats must be up and doing. They must wage an unceasing war upon their enemies. In no better and more effective way can this be done than by the circulation of good, sound democratic newspapers. The publisher of THE CHICAGO DISPATCH will send a copy of THE CHICAGO DISPATCH from now until Jan. 1st, 1901, for 50 cents. If you are not already taking this great political weekly send in your subscription at once. You should not only do this yourself, but you should induce your friends to join you. By a little effort you can easily raise a club of ten or twenty subscribers. An extra copy for club of ten.

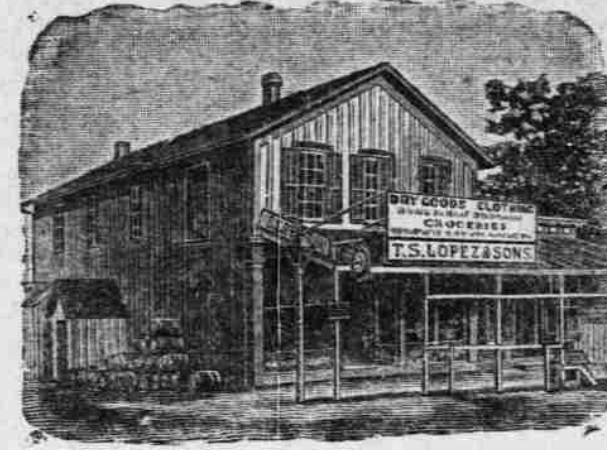

THE CHICAGO DISPATCH is endorsed by William Jennings Bryan and other democratic leaders. Address THE CHICAGO DISPATCH, 120 and 122 Fifth Avenue, Chicago, Ill.
